2. **Revenues and other Financing Sources**

The general fund revenue and other financing sources were $36.9 million or 14% higher than last fiscal year, for the 6

Federal, Special Purposes – This revenue is provided by the federal government to support programs for special needs students such as those needing help with reading and math (federal grants).

Expenditures for these programs are limited to revenue received, thus it has no net impact on the district's budget.

Revenue From Other Districts – This revenue reflects reimbursements received for special education services rendered to students from other school districts. The district has received $6,777 through the month of May 2019.

Revenue From Other Agencies – This revenue relates to agreements and partnerships with governmental agencies and businesses to help fund educational programs. The district received $624,791 through the month of May 2019.

Revenue From Other Financing Sources – This revenue relates to sales of surplus equipment, and interfund transfers. Revenue from other financing sources was $213,724 through the month of May 2019.

3. **Expenditures and Other Financing Uses**
